## TESTIMONIALS

*"Stewart's gift is incalculable. His timeless wisdom and practical knowledge give him the leading as a Master of Voice who not only coaches but also inspires."*

**ANITA RODDICK, FOUNDER OF BODY SHOP**

*"Stewart's gift of aiding a way to 'calm the nerves' involved in significant presentations, has been immeasurable to me. His wisdom and charm surpass the information I have been given by those who often wish to marshall one into systems of their own making. Stewart's voice is something I will always hear as reassuring and kind, particularly as I move onto the podium, for he certainly is a 'Tiger Tamer' – if one sees that nervousness can cripple one like a fierce Tiger!"*
